‘The Martlet’ School Notes March 1943

William G. Shotter was killed in action during the North African Campaign. We have already expressed in a letter to his parents our deep and sincere sympathy in the loss of this gallant lad, and we have placed on record our sense of gratitude to them for the service that their son has rendered us. A loss such as this redoubles our determination so as to play our part in the struggle and in the reconstruction to come to that he shall not have given his life in vain.
