

**Brian ('Brad') Bradshaw 1954-61** has died (August 2023) after a lengthy battle with cancer. Brad had a career in teaching and the ministry and retained a fond affection for his years at Chi Hi.

Paul Whittaker remembers him "Although he had been a close neighbour in North Bersted during our school years and had kept in touch for a while after (he teacher trained in Brighton) - I did attend his wedding to Gladys in 1968 at Aldwick Baptist Church."

Paul continues "When we met not long before he died, we enjoyed reminiscing (as you do!) on Chi Hi days, particularly on the geography course we did at A level with "Dutch" Holland. (Editor Brad passed Geography and Economics at A Level) He was also very (rightly) proud of his running (a keen miler) and retained a frustration that he was unable to match Rod Jameson! He also spoke of the joy that he had had from cycling for many years." Results from the Athletics Report for 1960 in the Martlet show he was 5<sup>th</sup> in the Half Mile behind R.P. Knowles and 4<sup>th</sup> in the Mile with Jamieson, Middleton and Pratt ahead of him.

A note from the April 1960 edition of the Martlet records under The Scripture Society that Brad gave a talk on 'Genesis I explained' It might be added that this Society held joint meetings with the Chichester High School for Girls!

His O Levels from VB records passes in English Language & Literature, History, Economics, Geography and Religious Knowledge

From primary teaching he became a Free Church minister at various locations in England and Wales. Brad remained a devout Christian, a firm believer who viewed death as a passage to a wondrous life.

He is survived by Gladys, their four children and a host of grandchildren.
